***Re: In Re: Propecia (Finasteride) Product Liability Litigation, MDL No. 2331
Eastern District of New York File No. 1:12-md-02331-JG-VVP***

Dear Magistrate Judge Pohorelsky:

We write regarding the Case Management Conference currently scheduled for Wednesday, October 16, 2013. The Parties are currently engaged in preliminary discovery, with several 30(b)(6) depositions anticipated to occur in the near future. Additionally, the Parties are in the process of negotiating the preliminary custodial production list and anticipate being able to report on the progress of those negotiations at the next Case Management Conference. However, because the negotiations are in the preliminary stages, coupled with the fact preliminary discovery practice is proceeding smoothly, the Parties have no major items to report to the Court at the October 16, 2013 CMC.

Accordingly, the Parties jointly request that the Court vacate the October CMC and schedule the next CMC for Wednesday, November 20, 2013 at 2:00 pm. Thank you in advance for your consideration.

Very Truly Yours,
