**CASE MANAGEMENT ORDER OF JANUARY 29, 2014
(Supplemental Census of Claims)**

Further to Case Management Order of October 8, 2013 (Document # 1636) (“Census of Claims”), the Court, having discussed this issue with Plaintiffs’ Lead Counsel/Executive Committee and Defendants’ Lead Counsel and finding good cause shown, believes that in the management of this litigation as the transferee District, it is necessary to have a more accurate census of the cases as well as claims of putative plaintiffs, represented by Counsel with cases pending before this Court. To that end, this Order requires the supplemental registration of all cases and unfiled claims of putative plaintiffs who are represented by Counsel since Counsel’s response to Case Management Order of October 8, 2013. This Order applies to all Counsel who represent one or more plaintiffs in this Multidistrict Litigation No. 1964 (“Plaintiffs”).

The Court hereby orders the supplemental registration of claims as follows:

1. The supplemental registration of claims by Primary Counsel shall be provided in the form of a Census Spreadsheet set forth as Exhibit A to this Order.

2. Primary Counsel shall provide the information required by this Order completely and accurately. The form shall provide the information required as of January 29, 2014.

3. If Counsel does not have any additional cases or unfiled claims to report since their response to Case Management Order of October 4, 2013, then Counsel shall state so affirmatively in response to this Order.

4. Primary Counsel shall serve the Census Spreadsheet via electronic mail on Lead Counsel for the Plaintiffs Steering Committee and Lead Counsel for the Defendants by no later than 5:00pm EST on February 4, 2014 as follows:

(a) Primary Counsel shall attach three files to a single electronic mail message—(i) the completed Census Spreadsheet in Adobe pdf format; (ii) the completed Census Spreadsheet in Excel format; and (iii) a certification of service in Adobe pdf format—and serve all of the documents on respective Lead Counsel at the following email addresses:

For Plaintiffs: ABehlmann@uselaws.com

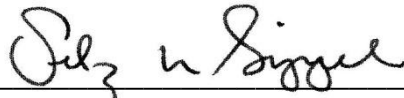

For Defendants: JGuidea@reedsmith.com

(b) The subject line in the email should state: “Supplemental Census Spreadsheet for [insert name of Primary Counsel or that attorney’s law firm].”

5. Primary Counsel must certify, pursuant to 28 U.S.C. § 1746, that the information contained in the Census Spreadsheet is true, complete and correct to his or her knowledge. Submission of the Census Spreadsheet (Exhibit A) constitutes a representation to the Court that the list of claimants and information provided therein is true, complete and correct.

6. The Court expects all Counsel to comply with this Order. Failure to meet the requirements of this Order by the deadlines set herein will subject non-compliant Counsel to a show cause hearing as to why they have not complied with this Order.

Date: January 29, 2014

Honorable Rodney W. Sippel
United States District Judge
