IN RE: TESTOSTERONE REPLACEMENT
THERAPY PRODUCTS LIABILITY
LITIGATION

MDL No. 2545

Master Docket Case No. 1:14-cv-01748

Honorable Matthew F. Kennelly

This document relates to:

Mitchell v. AbbVie Inc., No. 14-cv-09178

FINAL PRE-TRIAL ORDER

This matter having come before the Court at a pretrial conference held pursuant to Rule 16 of the Federal Rules of Civil Procedure, and counsel for the parties having appeared, the following actions were taken:

1. Subject Matter Jurisdiction. The Court has subject matter jurisdiction over this action pursuant to 28 U.S.C. § 1332(a). The parties are citizens of different states and the amount in controversy exceeds \$75,000.00, exclusive of interest and costs. Jurisdiction is not disputed.

2. Summary of Claims and Defenses.

a. Plaintiff's Statement of the Case: Jesse Mitchell and his wife, Kimberly Mitchell, have brought this lawsuit against Defendants AbbVie Inc. and Abbott Laboratories (together referred to as, "AbbVie") for personal injuries caused by AbbVie's prescription testosterone drug, called "AndroGel." Mr. Mitchell suffered a heart attack in November 2012 while taking AndroGel. Mr. and Mrs. Mitchell allege that AndroGel was unreasonably dangerous, and that AbbVie misrepresented that AndroGel was a safe and effective treatment for the symptoms for which Mr. Mitchell sought treatment. Plaintiffs further allege that AbbVie failed to warn of the

dangers of AndroGel that it knew or should have known about. Plaintiffs allege that Defendants' conduct, and their drug AndroGel, were a cause of Mr. Mitchell's heart attack. Mr. and Mrs. Mitchell also bring claims for negligence per se. Mr. and Mrs. Mitchell seek compensatory damages for their injuries and losses, and punitive damages arising out of the Defendants' wrongful conduct.

b. AbbVie's Statement of the Case¹: In December 2007, Mr. Mitchell was diagnosed with hypogonadism by his physician based upon blood tests showing that his testosterone levels were abnormally low and his telling his physician that he was suffering from depression, fatigue, lethargy, muscle aches, and insomnia. AndroGel was prescribed to increase his testosterone and he used it until November 2012. For many years before he first used AndroGel, Mr. Mitchell was at risk of a heart attack based upon his history of smoking, obesity, high blood pressure, and hyperlipidemia, as well as a family history of heart disease. On November 18, 2012, Mr. Mitchell suffered a heart attack and survived due to the efforts of the attending cardiologist, Dr. Nickolas Juliano. In the hospital, Mr. Mitchell was diagnosed with coronary artery disease. He recovered after several months.

AbbVie contends that AndroGel played no role in Mr. Mitchell's heart attack, and that the heart attack was caused by scientifically established risk factors such as smoking, obesity, and high blood pressure. AndroGel was first approved by the FDA as safe and effective in 2000 and testosterone replacement therapies have been approved for many years before that. AndroGel was simply a gel form of testosterone. AbbVie contends that it made no misrepresentations about the safety or effectiveness of AndroGel to Mr. Mitchell or his doctor.

¹ It is AbbVie's understanding that the Court will not be putting the preemption issue to the jury and that all affirmative defenses previously pleaded are preserved

AndroGel had labeled warnings and disclosures that were approved by the FDA, and AbbVie further contends that AndroGel was not unreasonably dangerous.

There are no counterclaims or cross claims.

3. Relief sought. Plaintiffs seek economic, noneconomic and punitive damages, including past medical expenses in the amount of \$140,351.30 and an amount to compensate them for pain, mental suffering, emotional distress, and any inconvenience and interference with the plaintiffs' normal and usual activities, and Kimberly Mitchell's loss of consortium.

4. Witnesses. Except for rebuttal witnesses not presently identifiable, attached as Schedule A and Schedule B hereto are lists of names and addresses of Plaintiffs' and AbbVie's respective witnesses: (a) who will be called; (b) who may be called; and (c) whose deposition may be used. As previously guided by the Court, deposition designations and objections to those designations will be submitted to the Court for a ruling after the Final Pretrial Conference. Schedule A and Schedule B include a statement of any objections to the calling of any witness, including expert witnesses, except that objections to any particular deposition designation will be provided separately as noted above and are not waived if omitted from Schedule A or Schedule B.

5. Exhibits. Attached as Schedule C and Schedule D hereto are list of exhibits that Plaintiffs or AbbVie, respectively, may presently introduce at trial, identified by trial exhibit number, with a brief description of each exhibit. The parties have agreed to reasonable supplementation of exhibits prior to and during the course of trial. Schedule C and Schedule D include a statement of any objections to each exhibit. The parties have conferred concerning the exchange of demonstrative exhibits and recognize the necessity of deferring the exchange of demonstratives to a later date.

6. Type and length of trial. The Court has scheduled a jury trial to commence on July 5, 2017, and the parties expect the length of trial to be three weeks subject to the provisions of Case Management Order No. 44.

7. Proposed voir dire questions. Attached as Schedule E hereto is a list of proposed voir dire questions, to be formatted as a written questionnaire consistent with the sample jury questionnaire for civil personal injury cases available on the Court's website. Schedule E lists (i) questions from the Court's sample questionnaire; (ii) questions proposed jointly by Plaintiffs and AbbVie; (iii) questions proposed only by Plaintiffs (together with AbbVie's objections, if any); and (iv) questions proposed by AbbVie (together with Plaintiffs' objections, if any). Additionally, Schedule E includes questions proposed by the parties to be asked by the Court during voir dire. The Parties jointly request that any questions they submitted in the proposed written questionnaire, which are not included in the final questionnaire, be asked during oral voir dire, along with any additional oral questions the parties seek the Court to ask during voir dire. Additionally, consistent with the Court's individual practices regarding jury selection procedures, the parties have conferred concerning a request for limited attorney-conducted voir dire as a supplement to the Court's jury selection procedure. In that regard, the parties jointly request the opportunity for the counsel to conduct limited voir dire of the panel.

8. Proposed jury instructions. Pursuant to the Court's prior guidance, the parties will submit preliminary requests to charge on or before May 18, 2017, listing the agreed proposed jury instructions and the disputed proposed jury instructions, identifying the proponent and noting the proponent's supporting authority and the objecting party's supporting authority.

Matthew F. Kennelly, U.S.D.J.

Defendants' Proposed Supplemental Court Voir Dire

Question	Comments
1. Do you have any familiarity with, or knowledge of, AbbVie or Abbott Laboratories outside of a general awareness of the company? If yes, what have you heard or read, and where did you hear or read it?	
2. Based on the short statement of the case that I read to you earlier, do you have any experiences that sound similar to what this case is about? If yes, please explain.	
3. Have you or someone close to you ever taken a medical or exercise “stress test” ordered by a doctor or healthcare professional? If yes, please explain the circumstances.	
4. Do you have any strong feelings, beliefs, or concerns about the safety of prescription medications? If yes, please explain. <ul style="list-style-type: none"> a. Do you have beliefs against, or are you opposed to, taking any prescription medications? 	
5. Do you have any beliefs or concerns about the adequacy of warnings on prescription medications that are provided by the pharmaceutical company?	Plaintiff objects.
6. Do you have opinions, beliefs, or concerns about the FDA and its standards for approving prescription medications? If yes, please explain.	Plaintiff objects.
7. Have you or a family member served in the military? If yes, please explain.	
8. Have you ever had a serious, negative experience with, or held a strong negative opinion about, a large corporation? If yes, please explain.	
9. In a lawsuit between an individual and a corporation,	

	would you favor one side over the other, regardless of the evidence?	
10.	Does anyone feel like they might not be able to set aside feelings of sympathy and base a decision in this case only on the evidence presented at trial and the law that I give to you? If yes, please explain.	
11.	Does anyone disagree with our justice system placing the burden of proof on the person who brings a lawsuit? If yes, please explain.	Plaintiff objects.
12.	The Plaintiff will be given the first opportunity to present his case and then AbbVie is given an opportunity to present its case. Can everyone wait until all the evidence has been presented, before making a decision for or against either party?	
13.	Are you acquainted with any of the members of this panel or any of the other prospective jurors before coming to court today? If yes, please explain.	
14.	Is there anything else that you wish to tell the Court or the parties that might affect your ability to serve as a juror in this case? If yes, please explain.	
15.	You are prohibited from doing any independent investigation whatsoever regarding this case, the parties, the subject matter, or the attorneys involved in the case. You may not do any Internet searches (Google, etc.) regarding any person, company, or topic in any way involved in this trial until after the trial is concluded. You may not post any information on any social media websites (Facebook, Twitter, etc.). To do so compromises the fairness of the trial and violates your oath as a juror. This prohibition will extend through the end of your jury service in this case. Is there anyone who will not faithfully follow this order as a juror?
