**PLAINTIFFS’ MOTION TO REMAND ACTION
TO JEFFERSON CIRCUIT COURT**

Come the Plaintiffs, by counsel, and hereby move this Court pursuant to 28 U.S.C. § 1447(c) to remand this action to Jefferson Circuit Court since complete diversity does not exist and this Court lacks subject matter jurisdiction. Plaintiffs further move this Court pursuant to the same authority for their costs, expenses, and attorney fees associated with Defendants’ unreasonable removal of this case.

A Memorandum in Support of Motion to Remand Action to Jefferson Circuit Court is filed herewith and incorporated herein by reference.

Respectfully submitted,

**PLAINTIFFS’ MEMORANDUM IN SUPPORT OF MOTION TO REMAND ACTION
TO JEFFERSON CIRCUIT COURT**

Come the Plaintiffs, by counsel, and for their Memorandum in Support of Motion to Remand Action to Jefferson Circuit Court, hereby state as follows:

INTRODUCTION

Plaintiffs, Gayla and Robert Graham are citizens of Kentucky. Defendants admit three members of Gould’s Discount Medical, LLC are also citizens of Kentucky, like the Plaintiffs. *See* DN 1 at 8, ¶ 36. Thus, complete diversity does not exist and this Court lacks subject matter jurisdiction. “If at any time before final judgment it appears that the district court lacks subject matter jurisdiction, the case *shall* be remanded.” 28 U.S.C. § 1447(c) (emphasis added).

Defendants’ contention diversity jurisdiction exists because Gould’s was fraudulently joined is without merit. Fraudulent joinder is reserved for situations where recovery from the non-diverse defendant is a clear legal impossibility. Defendants have not, and cannot, overcome the “heavy burden” associated with a fraudulent joinder challenge. *See Frank v. E.S.P.N.*, 708 F. Supp.

693, 694 (W.D. Pa. 1989); *Walker v. Philip Morris USA, Inc.*, 443 F. App'x 946, 953 (6th Cir. 2011). Defendants' sole ground for removal is their contention the Gould's entities were fraudulently joined since they are allegedly immune from suit under KRS 311.340. Defendants misapply Kentucky law. Of dispositive importance, the plain language of the operative statute supports the propriety of Plaintiffs' claims against Gould's:

In any product liability action, if the manufacturer is identified and subject to the jurisdiction of the court, a wholesaler, distributor, or retailer who distributes or sells a product, upon his showing by a preponderance of the evidence that said product was sold by him in its original manufactured condition or package, or in the same condition such product was in when received by said wholesaler, distributor or retailer, shall not be liable to the plaintiff for damages arising solely from the distribution or sale of such product, ***unless such wholesaler, distributor or retailer, breached an express warranty or knew or should have known at the time of distribution or sale of such product that the product was in a defective condition, unreasonably dangerous to the user or consumer.***

KRS 411.340 (emphasis added); *West v. KKI, LLC*, 300 S.W.3d 184, 192 (Ky. Ct. App. 2008) (“Moreover, notwithstanding the ‘middleman’ provisions of the Kentucky Product Liability Act, a wholesaler, distributor or retailer may be liable if it: (1) breaches an express warranty, or (2) knew or should have known at the time of distribution that the product was in a defective condition, unreasonably dangerous to the user.”).

As reflected, in addition to a manufacturer who is before the court, a wholesaler, distributor, or retailer (like Gould's) can also be held liable if it breached an express warranty or knew or should have known at the time of distribution or sale of a product that the product was unreasonably dangerous. Both circumstances apply here. Accordingly, complete diversity does not exist and this Court lacks subject matter jurisdiction. In such a situation, remand to state court is the necessary remedy.

Plaintiffs have been subjected to over two years of unnecessary delay due to Defendants' legally improper removal of this case. Consequently, recompense for their costs, expenses, and attorney fees is warranted. *See* 28 U.S.C. § 1447(c).

FACTUAL BACKGROUND

In 2018, Gayla Graham obtained a Philips DreamStation CPAP device from Defendants, Gould's Discount Medical, Inc. and Gould's Discount Medical, LLC. *See* Exhibit A at 3. On January 14, 2021, Gayla was diagnosed with Sinonasal Undifferentiated Carcinoma, an aggressive form of nasal cancer that carries a median survival rate of less than 18 months and a 5-year survival rate of less than 20%.¹ *See id.*

On June 14, 2021, Gayla's DreamStation device, manufactured by Defendants, Respironics, Inc. and Philips RS North America, LLC, was nationally recalled due to foam degradation leading to the ingestion of toxic and carcinogenic substances by users. *See* Exhibit B. Additionally, the propensity of the foam to off-gas certain toxic chemicals also harmful to users. *See id.* The FDA has classified this as a Class I recall, the most serious type of recall there is.

Incredibly, dating back to at least 2016, adverse event reports were submitted to the FDA regarding the DreamStation. *See* Exhibit C. These reports, also known as MAUDE Reports, are submitted when a manufacturer, distributor, or user of a marketed device becomes aware the device may have caused or contributed to a death or serious injury or has malfunctioned. The reports are published by the FDA and distributed to all relevant parties. To date, there are thousands of MAUDE Reports pertaining to the DreamStation, many of which predate Gayla's receipt of her device from Gould's in 2018. *See id.*

¹ Sadly, Gayla's cancer has recently recurred.

To combat the hazards associated with the DreamStation, Respironics filed a 510(k) with the FDA for the DreamStation 2. *See* Exhibit D. One of the primary reasons for the DreamStation 2 was to rectify the dangerous foam degradation issue in the original DreamStation. The 510(k) was filed on February 26, 2020 and the DreamStation 2 was approved by the FDA on July 10, 2020. *See id.* However, despite Defendants' long-term knowledge of the dangers associated with the DreamStation, and the approval of a safer alternative, the public was never notified of the life-threatening defects associated with the DreamStation until it was recalled a year later. Conveniently, and to minimize financial loss, the DreamStation 2 was put on the market at the exact time of the recall of the DreamStation.

Shockingly, despite a Class I national recall and numerous publicly reported cases of cancer and death, Gould's continued to distribute the defective DreamStation device for *at least* another year. *See* Exhibit E.²

Due to the egregious conduct of the Defendants, this lawsuit was filed on June 25, 2021 in Jefferson Circuit Court in Kentucky. Plaintiffs asserted claims for negligence, product liability, violations of the Kentucky Consumer Protection Act, breach of warranty, loss of consortium, and punitive damages against the Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC. *See* Exhibit A.

On July 27, 2021, Defendants erroneously removed this action to the United States District Court for the Western District of Kentucky contending diversity jurisdiction exists. The sole basis for Defendants' removal of this case is the erroneous allegation the non-diverse Gould's entities were fraudulently joined. The Plaintiffs and three members of Gould's Discount Medical, LLC are

² This Exhibit was retrieved from <https://shop.gouldsdiscountmedical.com/respironics-dreamstation-cpap-therapy-system-detail.htm?productId=23242629> by the undersigned on April 8, 2022.

citizens of Kentucky; thus, diversity jurisdiction does not exist. *See* DN 1 at 8, ¶ 36. As such, Plaintiffs quickly filed a motion to remand to state court. Unfortunately, before a ruling was issued, this matter was transferred to this Court for inclusion in MDL No. 3014.

Shortly after arriving in this forum, Plaintiffs again filed a motion to remand to state court. *See* DN 49, 50. Plaintiffs' motion was denied as premature with leave to refile once a scheduling order was implemented. *See* DN 69.

Pursuant to ECF No. 1901, this Motion is now ripe for judicial review.

LEGAL DISCUSSION

I. Complete diversity between the parties does not exist; therefore, this Court lacks subject matter jurisdiction.

Diversity jurisdiction does not exist and this action must be remanded to state court. Under federal law, “district courts shall have original jurisdiction of all civil actions where the matter in controversy exceeds the sum or value of \$75,000, exclusive of interest and costs, and is between ... citizens of different States.” 28 U.S.C. § 1332(a). A corporation is deemed to be a citizen of each state where it has been incorporated and of the state where it has its principal place of business. *See* 28 U.S.C. § 1332(c)(1). An unincorporated entity, such as a limited liability company, has the citizenship of each partner or member. *See Zambelli Fireworks Mfg. Co. v. Wood*, 592 F.3d 412, 418 (3d Cir. 2010) (“We now join our sister circuits in holding that the citizenship of an LLC is determined by the citizenship of each of its members.”); *Delay v. Rosenthal Collins Grp., LLC*, 585 F.3d 1003, 1005 (6th Cir. 2009) (“The general rule is that all unincorporated entities - of which a limited liability company is one - have the citizenship of each partner or member.”).

Here, Defendants admit three members of Gould's Discount Medical, LLC are citizens of

Kentucky, like the Plaintiffs. *See* DN 1 at 8, ¶ 36.³ Thus, complete diversity does not exist and this Court lacks subject matter jurisdiction. “If at any time before final judgment it appears that the district court lacks subject matter jurisdiction, the case *shall* be remanded.” 28 U.S.C. § 1447(c) (emphasis added).

Based on the foregoing, remand to state court is the necessary remedy here.

II. Defendants’ contention the Gould’s entities were fraudulently joined is without merit.

The sole basis for Defendants’ removal of this case is the erroneous allegation the Gould’s entities were fraudulently joined. It is axiomatic a removing party has a “heavy burden” in proving fraudulent joinder which must be established by clear and convincing evidence. *See Frank v. E.S.P.N.*, 708 F. Supp. 693, 694 (W.D. Pa. 1989); *Walker v. Philip Morris USA, Inc.*, 443 F. App’x 946, 953 (6th Cir. 2011). It has been held this burden is logical since removal statutes “should be strictly construed and all doubts should be resolved in favor of remand.” *Abels v. State Farm Fire & Cas. Co.*, 770 F.2d 26, 29 (3d Cir. 1985); *Eastman v. Marine Mech. Corp.*, 438 F.3d 544, 549-50 (6th Cir. 2006).

In analyzing the efficacy of a fraudulent joinder challenge, the district court must “assume as true all factual allegations of the complaint” and must “resolve any uncertainties as to the current state of controlling substantive law in favor of the plaintiff.” *Batoff v. State Farm Ins. Co.*, 977 F.2d 848, 851-52 (3d Cir. 1992); *see also Gipe v. Medtronic, Inc.*, 416 F. Supp. 3d 687, 693 (W.D. Ky. 2019). Further, the district court is permitted to “pierce the pleadings” to aid in its

³ Additionally, another named Defendant, Gould’s Discount Medical, Inc. is a Kentucky Corporation with its principal place of business located in Louisville. The Defendants contend this entity went inactive in 2018, but do not specify a precise time. As previously stated, Gayla obtained her DreamStation device from Gould’s in 2018. A corporation is deemed to be a citizen of each state where it has been incorporated and of the state where it has its principal place of business. *See* U.S.C. § 1332(c)(1). Accordingly, neither Gould’s entity is diverse from the Plaintiffs.

determination. See *In re Briscoe*, 448 F.3d 201, 218 (3d Cir. 2006); *Walker*, 443 F. App'x at 953 (quoting *Travis v. Irby*, 326 F.3d 644, 648-49 (5th Cir. 2003)).

It is well settled “[i]f there is even a possibility that a state court would find that the complaint states a cause of action against any one of the resident defendants, the federal court must find that joinder was proper and remand the case to state court.” *Boyer v. Snap-on Tools Corp.*, 913 F.2d 108, 111 (3d Cir. 1990) (quoting *Coker v. Amoco Oil Co.*, 709 F.2d 1433, 1440-41 (11th Cir. 1983)); see also *Coyne v. Am. Tobacco Co.*, 183 F.3d 488, 493 (6th Cir. 1999). The Third Circuit has cautioned the “district court must not step from a threshold jurisdictional issue into a decision on the merits.” *In re Briscoe*, 448 F.3d at 219.

Simply stated, “a finding of fraudulent joinder is usually reserved for situations where recovery from the nondiverse defendant is a clear legal impossibility” and “should not be found simply because plaintiff has a weak case against a non-diverse defendant.” *Salley v. AMERCO*, 2013 WL 3557014, at *3 (E.D. Pa. July 15, 2013).

Defendants have not, and cannot, overcome the “heavy burden” associated with a fraudulent joinder challenge. Defendants’ sole ground for removal is their contention the Gould’s entities were fraudulently joined since they are allegedly immune from suit under KRS 311.340. Defendants misapply Kentucky law. Of dispositive importance, the plain language of the operative statute supports the propriety of Plaintiffs’ claims against Gould’s:

In any product liability action, if the manufacturer is identified and subject to the jurisdiction of the court, a wholesaler, distributor, or retailer who distributes or sells a product, upon his showing by a preponderance of the evidence that said product was sold by him in its original manufactured condition or package, or in the same condition such product was in when received by said wholesaler, distributor or retailer, shall not be liable to the plaintiff for damages arising solely from the distribution or sale of such product, *unless*

such wholesaler, distributor or retailer, breached an express warranty or knew or should have known at the time of distribution or sale of such product that the product was in a defective condition, unreasonably dangerous to the user or consumer.

KRS 411.340 (emphasis added); *West v. KKI, LLC*, 300 S.W.3d 184, 192 (Ky. Ct. App. 2008) (“Moreover, notwithstanding the ‘middleman’ provisions of the Kentucky Product Liability Act, a wholesaler, distributor or retailer may be liable if it: (1) breaches an express warranty, or (2) knew or should have known at the time of distribution that the product was in a defective condition, unreasonably dangerous to the user.”).

As reflected, in addition to a manufacturer who is before the court, a wholesaler, distributor, or retailer (like Gould’s) can also be held liable if it breached an express warranty or knew or should have known at the time of distribution or sale of a product that the product was unreasonably dangerous. Both circumstances apply here.

Gayla obtained her DreamStation device from Gould’s in 2018. *See* Exhibit A at 3. On June 14, 2021, the DreamStation was nationally recalled due to foam degradation leading to the ingestion of toxic and carcinogenic substances by users. *See* Exhibit B. Additionally, the propensity of the foam to off-gas certain toxic chemicals also harmful to users. *See id.*

Incredibly, dating back to at least 2016, adverse event reports were submitted to the FDA regarding the DreamStation. *See* Exhibit C. These reports are required to be submitted when a device has caused or contributed to a death or serious injury or has malfunctioned. Said reports are published by the FDA and distributed to all relevant parties. To date, there are thousands of MAUDE Reports pertaining to the DreamStation, many of which predate Gayla’s receipt of her device from Gould’s in 2018. *See id.* Of note, despite a Class I national recall and numerous publicly reported cases of cancer and death, Gould’s continued to distribute the defective

DreamStation device for *at least* another year. *See* Exhibit E.

As reflected, Gould's knew, or at the very least (as a reasonably prudent wholesaler, distributor, and retailer), should have known of the dangers associated with the DreamStation at the time it supplied it to Gayla; therefore, there is a sound legal basis under Kentucky law for the claims asserted against Gould's in this case. "The very underlying purpose of strict liability is to permit injured parties a method of reaching back to the manufacturer or distributor of commercial products, following some form of failure on the product's part. A plaintiff may recover in several ways, 'such as under a theory of defective design, defective manufacture or failure to warn. The plaintiff need only prove one.'" *Worldwide Equip., Inc. v. Mullins*, 11 S.W.3d 50, 55 (Ky. Ct. App. 1999) (quoting *Clark v. Hauck Mfg. Co.*, 910 S.W.2d 247, 251 (Ky. 1995)). Based on the foregoing, this action should be remanded to state court.

In addition to the foregoing, KRS 311.340 does not insulate a wholesaler, distributor, or retailer from liability for breach of warranty. In fact, such a claim is expressly excluded from any sort of protection. *See* KRS 311.340 ("unless such wholesaler, distributor or retailer, breached an express warranty..."). Based on the conduct of Gould's, Plaintiffs unambiguously asserted a claim for breach of warranty against it:

COUNT IV: BREACH OF WARRANTY

27. All of the allegations previously set forth are incorporated herein by reference.

28. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC expressly or impliedly warranted the Philips DreamStation CPAP device was merchantable and fit for the ordinary purpose for which such product was used and fit for the purpose for which it was being used at the time of the incident causing injury to the Plaintiff, Gayla Graham.

29. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC breached the warranties described above and such breaches were substantial factors in causing Plaintiff, Gayla Graham's injuries and damages.

30. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, sustained serious and permanent bodily injury, causing her to suffer physical pain and mental anguish, lost wages, and destroying her power to labor and earn money.

31. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, was caused to incur expenses for hospital and medical treatment, physicians' services, and medications and will continue to incur such expenses in the future.

32. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, is at an increased risk for future harm and future medical complications and has and will suffer damages as a result.

Exhibit A at 6. In short, Gould's turned a blind eye to the fact the DreamStation was causing devastating injuries, including death, to its users. Instead, Gould's warranted the product as safe and sold it to unsuspecting consumers, like Gayla. Incredibly, despite a Class I national recall and numerous publicly reported cases of cancer and death, Gould's continued to distribute the defective DreamStation device for *at least* another year, thereby illustrating a pattern of gross and reckless disregard for public safety. Because of this, and the fact warranty claims are expressly excluded from protection under KRS 311.340, this action should be remanded to state court.

III. Plaintiffs' Complaint was pled in compliance with Kentucky law.

Since raised in the transferor court, Defendants' argument concerning the insufficiency of Plaintiffs' Complaint will be briefly addressed. As an initial matter, in considering a fraudulent

joinder challenge, the district court must “assume as true all factual allegations of the complaint” and must “resolve any uncertainties as to the current state of controlling substantive law in favor of the plaintiff.” *Batoff v. State Farm Ins. Co.*, 977 F.2d 848, 851-52 (3d Cir. 1992); *see also Gipe v. Medtronic, Inc.*, 416 F. Supp. 3d 687, 693 (W.D. Ky. 2019). Further, the district court is permitted to “pierce the pleadings” to aid in its determination. *See In re Briscoe*, 448 F.3d 201, 218 (3d Cir. 2006); *Walker v. Philip Morris USA, Inc.*, 443 F. App'x 946, 953 (6th Cir. 2011) (quoting *Travis v. Irby*, 326 F.3d 644, 648-49 (5th Cir. 2003)).

Moreover, and importantly, “on motions to remand concerning fraudulent joinder, Kentucky's pleading standard, rather than the stricter federal standard, is to be used for determining whether a colorable claim has been asserted.” *Hagyard-Davidson-McGee Assocs., PLLC v. Fed. Ins. Co.*, 2021 WL 4130504, at *4 (E.D. Ky. Sept. 9, 2021); *see also Boyer v. Snap-on Tools Corp.*, 913 F.2d 108, 111 (3d Cir. 1990) (“If there is even a possibility that a state court would find that the complaint states a cause of action against any one of the resident defendants, the federal court must find that joinder was proper and remand the case to state court.”).

Under Kentucky law, a pleading which sets forth a claim for relief need only contain a short and plain statement showing the pleader is entitled to relief. *See* CR 8.01(1). It is not necessary to state a claim with technical precision under this rule, as long as a complaint gives a defendant fair notice and identifies the claim. *See, e.g., Cincinnati, Newport, & Covington Transp. Co. v. Fischer*, 357 S.W.2d 870, 872 (Ky. 1962).

Plaintiffs are hard pressed to understand how Gould's, a wholesaler, distributor, and retailer of medical devices, including the defective DreamStation, can make any argument regarding lack of notice in this case. In pertinent part, Plaintiffs' Complaint contains the following:

COUNT I: NEGLIGENCE

10. In 2018, Plaintiff, Gayla Graham, began using the Philips DreamStation CPAP device. On or about January 14, 2021, Plaintiff, Gayla Graham, was diagnosed with Sinonasal Undifferentiated Carcinoma.

11. On June 14, 2021, Plaintiffs first learned the Philips DreamStation CPAP device was being recalled due to foam degradation leading to the ingestion of toxic and carcinogenic substances by users. Additionally, the propensity of the foam to off-gas certain toxic chemicals harmful to users.

12. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC failed to exercise reasonable care in the design, manufacture, testing, sale, promotion, supply, and/or distribution of the Philips DreamStation CPAP device to ensure the product carried adequate instructions and warnings, the product was reasonably safe for its intended and foreseeable use, and the product did not cause users to suffer from injuries.

* * *

COUNT II: KENTUCKY PRODUCT LIABILITY ACT

17. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC manufactured, designed, marketed, and supplied a product that was defective and unreasonably dangerous. This negligence also included the failure to provide proper and/or adequate warnings and/or instructions with its product. As a result, Defendants are strictly liable.

* * *

COUNT III: KENTUCKY CONSUMER PROTECTION ACT

22. Kentucky's Consumer Protection Act provides "[u]nfair, false, misleading, or deceptive acts or practices in the conduct of any trade or commerce are hereby declared unlawful." KRS 367.170.

23. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical,

LLC engaged in unfair, false, misleading, or deceptive acts or practices in connection with the Philips DreamStation CPAP device and these acts or practices occurred in the conduct of its trade or commerce.

* * *

COUNT IV: BREACH OF WARRANTY

28. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC expressly or impliedly warranted the Philips DreamStation CPAP device was merchantable and fit for the ordinary purpose for which such product was used and fit for the purpose for which it was being used at the time of the incident causing injury to the Plaintiff, Gayla Graham.

29. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC breached the warranties described above and such breaches were substantial factors in causing Plaintiff, Gayla Graham's injuries and damages.

* * *

COUNT V: PUNITIVE DAMAGES

34. Defendants risked the lives of consumers by suppressing the knowledge of the safety problems associated with the Philips DreamStation CPAP device from the general public. Defendants made a conscious decision to not issue a recall sooner or otherwise notify users of the defective and unreasonably dangerous condition of the Philips DreamStation CPAP device.

Exhibit A at 3-7. As demonstrated, Plaintiffs have abided by their statutory obligation to give Defendants fair notice of the claims they intend to pursue. "Even if the plaintiff's claim is 'not as artfully pleaded as the defendant would like,' the court will not fault the plaintiff 'for failing to meet an inapplicable, stricter pleading standard [which] does not affect whether she has laid out a colorable basis for recovery.'" *Hagyard-Davidson-McGee Assocs., PLLC v. Fed. Ins. Co.*, 2021

WL 4130504, at *5 (E.D. Ky. Sept. 9, 2021) (quoting *Williams v. Altman*, 2013 U.S. Dist. LEXIS 281, at *8 (E.D. Ky. Jan. 2, 2013)). Thus, any argument contesting the sufficiency of Plaintiffs' Complaint should be summarily denied.

CONCLUSION

In reviewing the entirety of the record, in a light most favorable to the Plaintiffs, with all factual and legal doubts and ambiguities resolved in their favor, and with any uncertainty as to the propriety of removal resolved in favor of remand, there is no question this action should be remanded to state court. Plaintiffs have a sound legal basis under Kentucky law for the claims asserted against Gould's in this case. As such, complete diversity does not exist and this Court lacks subject matter jurisdiction. "If at any time before final judgment it appears that the district court lacks subject matter jurisdiction, the case *shall* be remanded." 28 U.S.C. § 1447(c) (emphasis added). Accordingly, Plaintiffs respectfully request this action be remanded to Jefferson Circuit Court, Division 13 for further proceedings.

Lastly, pursuant to 28 U.S.C. § 1447(c), Plaintiffs request recompense for their costs, expenses, and attorney fees associated with Defendants' unreasonable removal of this case.

Respectfully submitted,

DEFENDANTS

* * * * *

Come the Plaintiffs, Gayla Graham and Robert Graham, and for their Complaint against Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC, hereby state as follows:

PARTIES, JURISDICTION, AND VENUE

1. Plaintiff, Gayla Graham, is a citizen and resident of Louisville, Jefferson County, Kentucky.

2. Plaintiff, Robert Graham, is a citizen and resident of Louisville, Jefferson County, Kentucky.

3. At all times mentioned herein, Defendant, Respironics, Inc., was and is a Foreign Corporation authorized to do business in the Commonwealth of Kentucky, with its principal place of business located at 1010 Murry Ridge Lane, Murrysville, PA 15668. Defendant, Respironics, Inc., has appointed as its agent for service of process, Corporation Service Company, 421 West Main Street, Frankfort, KY 40601.

4. At all times mentioned herein, Defendant, Philips RS North America, LLC, was and is a Foreign Limited Liability Company authorized to do business in the Commonwealth of Kentucky, with its principal place of business located at 6501 Living Place, Pittsburgh, PA 15206. Defendant, Philips RS North America, LLC, has appointed as its agent for service of process, Corporation Service Company, 421 West Main Street, Frankfort, KY 40601.

5. At all times mentioned herein, Defendant, Gould's Discount Medical, Inc., was and is a Kentucky Corporation, with its principal place of business located at 3901 Dutchmans Lane, Suite 100, Louisville, KY 40207. Defendant, Gould's Discount Medical, Inc., has appointed as its

agent for service of process, Edmund Gould, 3901 Dutchmans Lane, Suite 100, Louisville, KY 40207.

6. At all times mentioned herein, Defendant, Gould's Discount Medical, LLC, was and is a Kentucky Limited Liability Company, with its principal place of business located at 220 West Germantown Pike, Suite 250, Plymouth Meeting, PA 19462. Defendant, Gould's Discount Medical, LLC, has appointed as its agent for service of process, UCS of Kentucky, Inc., 421 West Main Street, Frankfort, KY 40601.

7. Each of Plaintiffs' claims asserted herein exceed the jurisdictional limit of this Court.

8. Venue is proper in this Court as all acts complained of herein occurred in Louisville, Jefferson County, Kentucky.

COUNT I: NEGLIGENCE

9. All of the allegations previously set forth are incorporated herein by reference.

10. In 2018, Plaintiff, Gayla Graham, began using the Philips DreamStation CPAP device. On or about January 14, 2021, Plaintiff, Gayla Graham, was diagnosed with Sinonasal Undifferentiated Carcinoma.

11. On June 14, 2021, Plaintiffs first learned the Philips DreamStation CPAP device was being recalled due to foam degradation leading to the ingestion of toxic and carcinogenic substances by users. Additionally, the propensity of the foam to off-gas certain toxic chemicals harmful to users.

12. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC failed to exercise reasonable care in the design, manufacture, testing, sale, promotion, supply, and/or distribution of the Philips DreamStation CPAP device to ensure the product carried adequate instructions and warnings, the product was

reasonably safe for its intended and foreseeable use, and the product did not cause users to suffer from injuries.

13. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, sustained serious and permanent bodily injury, causing her to suffer physical pain and mental anguish, lost wages, and destroying her power to labor and earn money.

14. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, was caused to incur expenses for hospital and medical treatment, physicians' services, and medications and will continue to incur such expenses in the future.

15. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, is at an increased risk for future harm and future medical complications and has and will suffer damages as a result.

COUNT II: KENTUCKY PRODUCT LIABILITY ACT

16. All of the allegations previously set forth are incorporated herein by reference.

17. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC manufactured, designed, marketed, and supplied a product that was defective and unreasonably dangerous. This negligence also included the failure to provide proper and/or adequate warnings and/or instructions with its product. As a result, Defendants are strictly liable.

18. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, sustained serious and permanent bodily injury, causing her to suffer physical pain and mental anguish, lost wages, and destroying her power to labor and earn money.

19. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, was caused to incur expenses for hospital and medical treatment, physicians' services, and medications and will continue to incur such expenses in the future.

20. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, is at an increased risk for future harm and future medical complications and has and will suffer damages as a result.

COUNT III: KENTUCKY CONSUMER PROTECTION ACT

21. All of the allegations previously set forth are incorporated herein by reference.

22. Kentucky's Consumer Protection Act provides "[u]nfair, false, misleading, or deceptive acts or practices in the conduct of any trade or commerce are hereby declared unlawful." KRS 367.170.

23. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC engaged in unfair, false, misleading, or deceptive acts or practices in connection with the Philips DreamStation CPAP device and these acts or practices occurred in the conduct of its trade or commerce.

24. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, sustained serious and permanent bodily injury, causing her to suffer physical pain and mental anguish, lost wages, and destroying her power to labor and earn money.

25. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, was caused to incur expenses for hospital and medical treatment, physicians' services, and medications and will continue to incur such expenses in the future.

26. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, is at an increased risk for future harm and future medical complications and has and will suffer damages as a result.

COUNT IV: BREACH OF WARRANTY

27. All of the allegations previously set forth are incorporated herein by reference.

28. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC expressly or impliedly warranted the Philips DreamStation CPAP device was merchantable and fit for the ordinary purpose for which such product was used and fit for the purpose for which it was being used at the time of the incident causing injury to the Plaintiff, Gayla Graham.

29. Defendants, Respironics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC breached the warranties described above and such breaches were substantial factors in causing Plaintiff, Gayla Graham's injuries and damages.

30. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, sustained serious and permanent bodily injury, causing her to suffer physical pain and mental anguish, lost wages, and destroying her power to labor and earn money.

31. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, was caused to incur expenses for hospital and medical treatment, physicians' services, and medications and will continue to incur such expenses in the future.

32. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Gayla Graham, is at an increased risk for future harm and future medical complications and has and will suffer damages as a result.

COUNT V: PUNITIVE DAMAGES

33. All of the allegations previously set forth are incorporated herein by reference.

34. Defendants risked the lives of consumers by suppressing the knowledge of the safety problems associated with the Philips DreamStation CPAP device from the general public. Defendants made a conscious decision to not issue a recall sooner or otherwise notify users of the defective and unreasonably dangerous condition of the Philips DreamStation CPAP device.

35. The conduct of the Defendants, as outlined herein, constitutes gross negligence and reckless indifference entitling Plaintiffs to punitive damages.

COUNT VI: LOSS OF CONSORTIUM

36. All of the allegations previously set forth are incorporated herein by reference.

37. As a direct and proximate result of the acts and/or omissions of Defendants described above, Plaintiff, Robert Graham, has suffered and will in the future suffer from a loss of services, assistance, aid, society, companionship, and conjugal relationship of his wife, Gayla Graham.

WHEREFORE, Plaintiffs, Gayla Graham and Robert Graham, demand judgment against the Defendants, Respiroics, Inc., Philips RS North America, LLC, Gould's Discount Medical, Inc., and Gould's Discount Medical, LLC, as follows:

- a. For compensatory and punitive damages in an amount exceeding the minimum jurisdiction of this Court;
- b. For a trial by jury on all issues so triable;
- c. For their costs herein expended;
- d. For pre-judgment and post-judgment interest; and
- e. For all other relief to which they may appear to be entitled.

Respectfully submitted,

Counsel for Plaintiffs

URGENT: Medical Device Recall

Philips Respironics CPAP and Bi-Level PAP Devices

Sound Abatement Foam
Susceptibility to Degradation and Volatile Organic Compound Emission

Dear Device Customer,

Philips Respironics is voluntarily recalling the below devices due to two (2) issues related to the polyester-based polyurethane (PE-PUR) sound abatement foam used in Philips Continuous and Non-Continuous Ventilators: 1) PE-PUR foam may degrade into particles which may enter the device’s the air pathway and be ingested or inhaled by the user, and 2) the PE-PUR foam may off-gas certain chemicals. The foam degradation may be exacerbated by use of unapproved cleaning methods, such as ozone (see [FDA safety communication](#) on use of Ozone cleaners), and off-gassing may occur during initial operation and may possibly continue throughout the device’s useful life.

These issues can result in serious injury which can be life-threatening, cause permanent impairment, and/or require medical intervention to preclude permanent impairment. To date, Philips Respironics has received several complaints regarding the presence of black debris/particles within the airpath circuit (extending from the device outlet, humidifier, tubing, and mask). Philips also has received reports of headache, upper airway irritation, cough, chest pressure and sinus infection. The potential risks of particulate exposure include: Irritation (skin, eye, and respiratory tract), inflammatory response, headache, asthma, adverse effects to other organs (e.g. kidneys and liver) and toxic carcinogenic affects. The potential risks of chemical exposure due to off-gassing include: headache/dizziness, irritation (eyes, nose, respiratory tract, skin), hypersensitivity, nausea/vomiting, toxic and carcinogenic effects. There have been no reports of death as a result of these issues.

All Devices manufactured before 26 April 2021, All serial numbers	
Continuous Ventilator, Minimum Ventilatory Support, Facility Use	E30 (Emergency Use Authorization)
Continuous Ventilator, Non-life Supporting	DreamStation ASV
	DreamStation ST, AVAPS
	SystemOne ASV4

	C-Series S/T and AVAPS
Noncontinuous Ventilator	OmniLab Advanced+
	SystemOne (Q-Series)
	DreamStation
	DreamStation Go
	Dorma 400
	Dorma 500
	REMstar SE Auto

Immediate Actions to be taken by You, the User:

1. Discontinue use of your device and work with your physician or Durable Medical Equipment (DME) provider to determine the most appropriate options for continued treatment. To continue use of your device due to lack of alternatives, consult with your physician to determine if the benefit of continuing therapy with your device outweighs the risks identified in this letter.
2. Register your device on the recall website www.philips.com/src-updates
 - d. The website provides you current information on the status of the recall and how to receive permanent corrective action to address the two (2) issues.
 - e. The website also provides you instructions on how to locate your device Serial Number and will guide you through the registration process.
 - f. Call 1-877-907-7508 if you cannot visit the website or do not have internet access.

Permanent Corrective Action to be Taken by the Company:

Philips is deploying a permanent corrective action to address the two (2) issues described in this Recall Notice. As part of the registration process above, you will be provided information on the next steps to implement the permanent solution.

Other Information:

If you need any further information or support concerning this issue, please contact the recall support hotline or visit the website:

1-877-907-7508

www.philips.com/src-update

Adverse reactions or quality problems experienced with the use of this product may be reported to the FDA's MedWatch Adverse Event Reporting program either online, or by regular mail or fax.

This notice has been reported to the appropriate Regulatory Agencies.

Philips regrets any inconveniences caused by this problem.

Sincerely,

Rodney Mell
Head of Quality and Regulatory
Philips Respironics - Sleep & Respiratory Care

URGENT: Medical Device Recall

Philips Respironics

Trilogy 100, Trilogy 200, Garbin Plus, Aeris, LifeVent,
BiPAP V30, and BiPAP A30/A40 Series Device Models

Sound Abatement Foam
Susceptibility to Degradation and Volatile Organic Compound Emission

Dear Device Customer,

Philips Respironics is voluntarily recalling the below devices due to two (2) issues related to the polyester-based polyurethane (PE-PUR) sound abatement foam used in Philips Continuous and Non-Continuous Ventilators: 1) PE-PUR foam may degrade into particles which may enter the device’s air pathway and be ingested or inhaled by the user, and 2) the PE-PUR foam may off-gas certain chemicals. The foam degradation may be exacerbated by use of unapproved cleaning methods, such as ozone (see [FDA safety communication](#) on use of Ozone cleaners), and off-gassing may occur during operation.

These issues can result in serious injury which can be life-threatening, cause permanent impairment, and/or require medical intervention to preclude permanent impairment. To date, Philips Respironics has received several complaints regarding the presence of black debris/particles within the airpath circuit (extending from the device outlet, humidifier, tubing, and mask). Philips also has received reports of headache, upper airway irritation, cough, chest pressure and sinus infection. The potential risks of particulate exposure include: Irritation (skin, eye, and respiratory tract), inflammatory response, headache, asthma, adverse effects to other organs (e.g. kidneys and liver) and toxic carcinogenic effects. The potential risks of chemical exposure due to off-gassing include: headache/dizziness, irritation (eyes, nose, respiratory tract, skin), hypersensitivity, nausea/vomiting, toxic and carcinogenic effects. There have been no reports of death as a result of these issues.

All Devices manufactured before 26 April 2021, All serial numbers	
Continuous Ventilator	Trilogy 100
	Trilogy 200
	Garbin Plus, Aeris, LifeVent
Continuous Ventilator, Minimum Ventilatory Support, Facility Use	A-Series BiPAP Hybrid A30 (not marketed in US)
	A-Series BiPAP V30 Auto
Continuous Ventilator, Non-life Supporting	A-Series BiPAP A40
	A-Series BiPAP A30

Immediate Actions to be taken by You, the User:

1. Do not stop or alter your prescribed therapy until you have talked to your physician. Philips recognizes that alternate ventilator options for therapy may not exist or may be severely limited for patients who require a ventilator for life-sustaining therapy, or in cases where therapy disruption is unacceptable. In these situations, and at the discretion of the treating clinical team, the benefit of continued usage of these ventilator devices may outweigh the risks.
2. If your physician determines that you must continue using this device, **use an inline bacterial filter**. Consult your Instructions for Use for guidance on installation.
3. Register your device(s) on the recall website www.philips.com/src-update
 - a. The website provides you current information on the status of the recall and how to receive permanent corrective action to address the two (2) issues.
 - b. The website also provides you instructions on how to locate your device Serial Number and will guide you through the registration process.
 - c. Call 1-877-907-7508 if you cannot visit the website or do not have internet access.

Permanent Corrective Action to be Taken by the Company:

Philips is deploying a permanent corrective action to address the two (2) issues described in this Recall Notice. As part of the registration process above, you will be provided information on the next steps to implement the permanent solution.

Other Information:

If you need any further information or support concerning this recall/issue, please contact the recall support hotline or visit the website:

1-877-907-7508

www.philips.com/src-update

Adverse reactions or quality problems experienced with the use of this product may be reported to the FDA's MedWatch Adverse Event Reporting program either online, by regular mail or fax.

This notice has been reported to the appropriate Regulatory Agencies.

Philips regrets any inconveniences caused by this problem.

Sincerely,

Rodney Mell

Re: K200480
Trade/Device Name: DreamStation 2 System
Regulation Number: 21 CFR 868.5905
Regulation Name: Noncontinuous Ventilator (IPPB)
Regulatory Class: Class II
Product Code: BZD
Dated: June 12, 2020
Received: June 12, 2020

Dear Andy Zeltwanger:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. Although this letter refers to your product as a device, please be aware that some cleared products may instead be combination products. The 510(k) Premarket Notification Database located at <https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfpmn/pmn.cfm> identifies combination product submissions. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration. Please note: CDRH does not evaluate information related to contract liability warranties. We remind you, however, that device labeling must be truthful and not misleading.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's

K200480 - Andy Zeltwanger

Page 2

requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); medical device reporting (reporting of medical device-related adverse events) (21 CFR 803) for devices or postmarketing safety reporting (21 CFR 4, Subpart B) for combination products (see <https://www.fda.gov/combination-products/guidance-regulatory-information/postmarketing-safety-reporting-combination-products>); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820) for devices or current good manufacturing practices (21 CFR 4, Subpart A) for combination products; and, if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). For questions regarding the reporting of adverse events under the MDR regulation (21 CFR Part 803), please go to <https://www.fda.gov/medical-devices/medical-device-safety/medical-device-reporting-mdr-how-report-medical-device-problems>.

For comprehensive regulatory information about medical devices and radiation-emitting products, including information about labeling regulations, please see Device Advice (<https://www.fda.gov/medical-devices/device-advice-comprehensive-regulatory-assistance>) and CDRH Learn (<https://www.fda.gov/training-and-continuing-education/cdrh-learn>). Additionally, you may contact the Division of Industry and Consumer Education (DICE) to ask a question about a specific regulatory topic. See the DICE website (<https://www.fda.gov/medical-devices/device-advice-comprehensive-regulatory-assistance/contact-us-division-industry-and-consumer-education-dice>) for more information or contact DICE by email (DICE@fda.hhs.gov) or phone (1-800-638-2041 or 301-796-7100).

Sincerely,

Rachana Visaria -S

Device

Proprietary/Trade Name: DreamStation 2 System

Common/Usual Name: CPAP System

Device Classification: II

**Classification Name/
Product Code:** Ventilator, Non-Continuous (Respirator), 21 CFR 868.5905,
BZD

Primary Predicate Device: REMSTAR AUTO A-FLEX HT (K131982)

Secondary Predicate Device: REMSTAR SE (K130077)

Submission Reason: New Device

DreamStation 2 System

Traditional 510(k)

Section 5: 510(k) Summary

Device Description

The DreamStation 2 System uses a microprocessor-controlled blower to treat patients with Obstructive Sleep Apnea (OSA). There are 2 models:

- DreamStation 2
- DreamStation 2 Advanced

Both aforementioned models will be available in two therapy modes: CPAP only and Auto CPAP. With CPAP therapy, the device provides a continuous positive airway pressure throughout the entire therapy session. With Auto CPAP therapy, the device provides a positive airway pressure that automatically adjusts to the patient's needs as various breathing events are detected, such as apneas and hypopneas.

In addition to the therapy modes, the DreamStation 2 System provides several optional features to aid with patient comfort. These patient comfort features include: Ramp Plus, adjustable pressure relief (FLEX), EZ-Start, Opti-Start, and humidification (adaptive and adaptive with heated tube). *Note: some of the features are only available in the DreamStation 2 Advanced model.*

The DreamStation 2 device also features integrated Bluetooth and cellular technology for the transfer of patient management data between the therapy device and Respiroics proprietary compliance software, Care Orchestrator.

Indications for Use

The DreamStation 2 CPAP/DreamStation 2 Auto CPAP system delivers positive airway pressure therapy for the treatment of Obstructive Sleep Apnea in spontaneously breathing patients weighing over 30 kg (66 lbs). It is for use in the home or hospital/institutional environment.

Section 5: 510(k) Summary

Comparison of Technological Characteristics with the Predicate Device(s)

Table 5-1. High-Level Comparison of DreamStation 2 Device to Primary and Secondary Predicates

Feature/Function	Device Predicate 1: REMstar Auto A- Flex HT (K131982)	Device Predicate 2: REMstar SE (K130077)	Subject Device: DreamStation 2 CPAP/Auto CPAP	Subject Device: DreamStation 2 Advanced CPAP/Auto CPAP	Similarities and/or Differences
Intended Use	For the treatment of Obstructive Sleep Apnea (OSA)	For the treatment of Obstructive Sleep Apnea (OSA)	For the treatment of Obstructive Sleep Apnea (OSA)	For the treatment of Obstructive Sleep Apnea (OSA)	Same.
Patient Population (age, gender, etc.)	Spontaneously breathing patients >30 kg (66 lbs)	Spontaneously breathing patients >30 kg (66 lbs)	Spontaneously breathing patients >30 kg (66 lbs)	Spontaneously breathing patients >30 kg (66 lbs)	Same.
Principle of Operation	Microprocessor controlled motor blower design	Microprocessor controlled motor blower design	Microprocessor controlled motor blower design	Microprocessor controlled motor blower design	Same.
Product Specific Performance Standards	ISO 17510-1 ISO 8185	ISO 17510-1 ISO 8185	ISO 80601-2-70 ISO 80601-2-74	ISO 80601-2-70 ISO 80601-2-74	Same.

DreamStation 2 System

Traditional 510(k)

Section 5: 510(k) Summary

Performance Testing Data**Non-Clinical Tests****Performance Testing**

Appropriate testing was completed on the DreamStation 2 System to address: all device requirements, any mitigations required per the risk assessment, to show substantial equivalence to the predicate(s), and lastly to provide reasonable assurance of safety and efficacy.

Software Testing

The DreamStation 2 software was developed following IEC 62304:2015, “*Medical Device Software – Software Life Cycle Processess*”. Software verification and validation testing was performed on the DreamStation 2 System based on the product requirements. Testing was conducted and documentation has been provided, as recommended by FDA’s Guidance for Industry and FDA Staff, “*Guidance for the Content of Premarket Submissions for Software Contained in Medical Devices*”, issued May 2005.

This software is considered to have a “Moderate” level of concern, since prior to mitigation of hazards, a failure of the device could potentially result in minor injury to patient or user of the device. Additionally, a malfunction of, or a latent design flaw in the device, could lead to a delay of appropriate medical care that could potentially lead to a minor injury.

The testing included system level testing to verify all required functionality of the DreamStation 2 System.

Biocompatibility Testing

The biocompatibility evaluation, for the DreamStation 2 System, was conducted in accordance with FDA Guidance, “*Use of International Standard ISO 10993-1, "Biological evaluation of medical devices - Part 1: Evaluation and testing within a risk management process"*”, ISO 10993-1 “*Biological Evaluation of Medical Devices – Part 1: Evaluation and Testing within a Risk Management Process*”, and ISO 18562-1 “*Biocompatibility Evaluation of Breathing Gas Pathways in Healthcare Applications – Part 1: Evaluation and Testing within a Risk Management Process*”, as recognized by FDA. The DreamStation 2 System has proven to be biocompatible when tested in its final, finished, form to both ISO 10993-1:2018 and ISO 18562-1:2017.

General Safety, Electrical Safety and Electromagnetic Compatibility (EMC)

General Safety, Electrical Safety, and Electromagnetic Compatibility testing was conducted on the DreamStation 2 System. The system complies with the following standards:

- AAMI/ANSI/ES 60601-1:2005/A1:2012
- IEC 60601-1-2:2014
- IEC 60601-1-6:2013
- IEC 60601-1-11:2015
- ISO 80601-2-61: 2011
- ISO 80601-2-70: 2015
- ISO 80601-2-74: 2017

Section 5: 510(k) Summary

Human Factors/Usability

The DreamStation 2 System has been found to be safe and effective for the intended users, uses, and use environments. The Human Factors/Usability Engineering process, followed for the development of this device, aligns with IEC 62366-1: 2015, "*Medical Devices – Part 1: Application of Usability Engineering to Medical Devices*", and the latest applicable FDA guidance, "*Applying Human Factors and Usability Engineering to Medical Devices*", issued February 2016.

Results of following this process, in particular the results of the human factors validation study, indicate that intended users can operate the device safely and effectively, and that residual risk associated with use of the device is acceptable.

Clinical Tests

Clinical tests were not required to demonstrate the safety and effectiveness of the DreamStation 2 System. Safety and efficacy of the DreamStation 2 System has been established via non-clinical tests.

Substantial Equivalence Conclusion

Based upon the intended use, design, materials, function, side by side analysis with its predicates, and verification and validation testing, it is concluded that the DreamStation 2 System is substantially equivalent to the aforementioned predicate devices. The modifications between the DreamStation 2 System and its predicate devices do not raise any new questions regarding the safety and effectiveness.

This "510k Notification" demonstrates that the DreamStation 2 System is substantially equivalent to its predicate devices, which are currently marketed under the Federal Food, Drug, and Cosmetic Act.

Description

DreamStation positive airway pressure (PAP) sleep therapy devices are designed to be as comfortable and easy to experience as sleep is intended to be. Connecting patients and care teams, DreamStation devices empower users to embrace their care with confidence, and enable care teams to practice efficient and effective patient management.

User driven design: A sleek, stylish, low-profile design offers the important features you want in a therapy device. It's small and light, making it easy to pack for travel. It features easy-to-navigate menus, a front-facing display that can be operated while lying down or sitting up in bed as well as an easy-to-clean, one-piece humidifier water chamber.

Acclimation made easy: DreamStation includes a set of tools to help make it easy for those starting PAP therapy and for their continued long-term use. EZ-Start can help users gradually acclimate to therapy, while SmartRamp allows users to fall asleep to lower pressures.

Simplified device evaluation: Remote troubleshooting simplifies in-home device evaluation. The easy device self-diagnostic tool reduces the time and frustration associated with device troubleshooting.

Cost-effective connectivity options: Integrated Bluetooth® is standard on every device, and optional Wi-Fi and cellular modems provide the most comprehensive suite of connectivity options among leading CPAP brands. DreamStation's modular design makes it easy for you to choose the most cost-effective option.

Support for the long term: Built-in Bluetooth makes connectivity to the DreamMapper patient self-management tool easy. DreamMapper provides goal-setting tools, helpful videos and ongoing feedback to keep users motivated and engaged.

Wake up to progress: Each morning users are greeted with a summary of their progress to motivate them to stick with their therapy. The display shows a simple trend of their nightly hours of use, followed by a summary of the last 30 days of "good nights" that have more than 4 hours of use.

Features

Connectivity options offer more monitoring choices than any leading CPAP brand with integrated Bluetooth® on every device, and offering optional Wi-Fi and cellular modems.

Performance Check simplifies in-home device evaluation

Daily Progress Feedback displays a simple trend of users' nightly use to help track progress on the path to adherence.

DreamStation features: Mask type resistance control, Mask fit check, Oximetry capable, DreamMapper patient self-management system compatibility

Humidification: Fixed, adaptive, heated tube; Pre-heat humidifier option!; Modular design with one-piece, dishwasher-safe water chamber

Protection programs: Flex Promise program, Bi-level Rescue program, "One-Touch" warranty programs

Specifications

Pressure range: 4 to 20 cm H₂O

Flex pressure relief: 0 to 3

Ramp time: 0 to 45 min (5- minute increments), Standard SmartRamp

Starting ramp pressure: 4 cm H₂O to CPAP Pressure (CPAP)

Humidification: Heated humidification: Fixed, Adaptive, Heated Tube modes; Heated Tube (optional)

Data storage capacity (minimum): SD card: > 1 year On- board: <6 months

Altitude compensation: Automatic

Filters: Reusable pollen; disposable ultra- fine

Device controls: LCD, control dial/push button

Warranty: 2 years (US)

Dimensions: 15.7x19.3x8.4cm (w/o humidifier), 29.7x19.3x8.4cm (w/ humidifier)

Weight: 1.33kg/2.94lbs (w/o humidifier), 1.98kg/4.37lbs (w/humidifier) Incl. power supply

Electrical requirements: 100 - 240 VAC, 50/60 Hz, 2.0-1.0 A

Modes: Fixed CPAP

Flex Comfort: C-Flex

Mask Type ResistanceControl: Standard

Modem Compatibility: Standard (optional Cellular Modem or Wi-Fi Accessory)

Built-in BluetoothConnectivity: Standard

DreamMapperCompatibility: Standard (by mobileapp or web)

Oximetry Compatibility: Standard (optional Nonin accessories)

Performance Check: Standard
