ORDER

SCIENCE DAY

AND NOW, this 12th day of July, it is **ORDERED** that the Court will hold a Science Day, on **September 4, 2024 at 9:00 a.m. in Courtroom 16B**, during which the Parties will, in an objective format, provide the Court with an overview of certain medical and scientific issues associated with glucagon-like peptide-1 receptor agonist and glucagon-like peptide-1 receptor agonist/glucose-dependent insulintropic polypeptide medications (collectively, “GLP-1 RAs”) and the injuries being alleged by Plaintiffs. The Parties have agreed to the following ground rules to educate the Court on the basic issues:

1. The topics to be discussed at Science Day shall be limited to: a background on the diseases treated using GLP-1 RAs; a background on GLP-1 RAs, including how they work, their approved indications, and their labeling and regulatory history; a background on the injuries alleged in this litigation (specifically, gastroparesis, ileus, intestinal obstruction, gallbladder disease and gallstones, severe gastrointestinal disease, deep vein thrombosis, and the secondary condition of malnutrition); and the medical literature related to GLP-1 RAs and the alleged injuries.

2. The topics to be discussed at Science Day shall not include discussion of individual Plaintiffs, including as to their alleged injuries, or Defendants' sales and marketing practices.

3. The Parties shall limit their presentations to publicly available information.

4. The Science Day presentations will be transcribed by the Court's reporter, with costs to be split by the Parties. Neither the transcript nor any demonstrative aids shall be discoverable, admissible, used in any fashion for impeachment purposes or for collateral attack. To the extent the Parties share materials used by their side on Science Day, the receiving Parties shall not share those beyond the litigation.

5. The presentations will be made by attorneys and will follow, approximately, the schedule below:

- a. Plaintiffs' presentation – 2.5 hours
- b. Lunch
- c. Defendants' presentation – 2.5 hours

IT IS SO ORDERED.
